for over 50 years albert r broccoli s eon productions has navigated the ups and  
downs of the volatile british film industry enduring both critical wrath and acclaim  
in equal measure for its now legendary james bond series latterly this family run  
business has been crowned with box office gold and recognised by motion picture  
academies around the world however it has not always been plain sailing changing

financial regimes forced 007 to relocate to france and mexico changing fashions and politics led to box office disappointments and changing studio regimes and business disputes all but killed the franchise and the rise of competing action heroes has constantly questioned bond s place in popular culture but against all odds the filmmakers continue to wring new life from the series and 2012 s skyfall saw both huge critical and commercial success crowning 007 as the undisputed king of the action genre some kind of hero recounts this remarkable story from its origins in the early 60s right through to the present day and draws on hundreds of unpublished interviews with the cast and crew of this iconic series

the fisher body craftsman s guild was a national auto design competition sponsored by the fisher body division of general motors this competition was for teenagers to compete for college scholarships by designing and building scale model dream cars held from the 1930s through the 1960s it helped identify and nurture a whole generation of designers and design executives virgil m exner jr charles m jordan robert w henderson robert a cadaret richard arbib elia russ russinoff galen wickersham ronald c hill edward f taylor george r chartier charles w pelly gary graham charles a gibilterra e arthur russell william a moore terry r henline paul tatseos allen t weideman kenneth j dowd stuart shuster john m mellberg harry e schoepf and ronald j will are among those designers and design executives who participated in the guild the book also describes many aspects of the miniature model napoleonic coach and other scale model cars the students designed

describes how the pullman company hired former slaves as sleeping car porters and became the largest employer of african american men in the country by the 1920s creating a unique culture that blazed a path for a black middle class

the story of the lucky chuck which earned six battle stars during wwii in november 1942 the amphibious transport ship uss charles carroll carried troops from norfolk to invade north africa in 1945 it was transferred to the pacific for the invasion of okinawa in between the lucky chuck as the ship was fondly known participated in the invasions of sicily salerno normandy and southern france kenneth goldman s father It robert w goldman usnr was aboard ship for five of her six battle operations as a junior officer he eventually became the ship s navigator he held a high security clearance and saved a large portion of the documents to which he was privy these invasion maps photographs ship s plans of the day convoy position orders enemy force assessments and more form the backbone of attack transport

yet goldman graciously keeps his father out of center stage in telling the life of a ship that participated in almost all of the major us amphibious assaults in the european theater using weathered diaries and letters from other crew members along with their memories of service he captures the humor boredom combat fears and capers on liberty that give this view from the lower deck a charm that operational histories do not have

outside of the classroom and scholarly publications lynching has long been a taboo subject nice people it is felt do not talk about it and they certainly do not look at images representing the atrocity in imagery of lynching dora apel contests this adopted stance of ignorance through a careful and compelling analysis of over one hundred representations of lynching she shows how the visual documentation of such crimes can be a central vehicle for both constructing and challenging racial hierarchies she examines how lynching was often orchestrated explicitly for the camera and how these images circulated on postcards but also how they eventually were appropriated by antilynching forces and artists from the 1930s to the present she further investigates how photographs were used to construct ideologies of whiteness and blackness the role that gender played in these visual representations and how interracial desire became part of the imagery offering the fullest and most systematic discussion of the depiction of lynching in diverse visual forms this book addresses questions about race class gender and dissent in the shaping of american society although we may want to avert our gaze apel holds it with her sophisticated interpretations of traumatic images and the uses to which they have been put

a collection of nine essays about edmonton s diverse gardening history

this volume traces the career of the submarine the uss puffer from the laying of her keel and her commissioning on april 27 1943 until her departure for the scrap yard on june 27 1946 compiled from interviews with former crew members as well as other contemporary sources it follows the crew of the puffer through nine war patrols emphasizing the connection between the physiological and the psychological as it relates to submarine service events recollected include the first war patrol which resulted in a record setting 38 hour submergence because of enemy fire the amazing transfer of torpedoes while surfaced in enemy waters and the wild bombardment of japanese shore installation with the 5th deck gun

eleven stimulating essays using case studies of major cities and their schools

suggest what might be done to better foster equity and diversity in educating american public schoolchildren highlighting the complications inherent in today s education system and providing a framework for grappling with these problems

a consolidated index to biographical sketches in current and retrospective biographical dictionaries

this volume is a comprehensive history of of southern plains powwow culture an interdisciplinary highly collaborative ethnography based on more than two decades of participation in powwows addressing how the powwow has changed over time

when american and south vietnamese forces led by general creighton abrams launched an attack into neutral cambodia in 1970 the invasion ignited a firestorm of violent antiwar protests throughout the united states dealing yet another blow to nixon s troubled presidency but as john shaw shows the campaign also proved to be a major military success most histories of the vietnam war either give the cambodian invasion short shrift or merely criticize it for its political fallout thus neglecting one of the campaign s key dimensions approaching the subject from a distinctly military perspective shaw shows how this carefully planned and executed offensive provided essential support for nixon s decent interval and peace with honor strategies by eliminating north vietnamese sanctuaries and supply bases located less than a hundred miles from saigon and by pushing communist troops off the vietnamese border despite the political cloud under which the operation was conducted shaw argues that it was not only the best of available choices but one of the most successful operations of the entire war sustaining light casualties while protecting american troop withdrawal and buying time for nixon s pacification and vietnamization strategies he also shows how the united states took full advantage of fortuitous events such as the overthrow of cambodia s prince sihanouk the redeployment of north vietnamese forces and the late arrival of spring monsoons although critics of the operation have protested that the north vietnamese never did attack out of cambodia shaw makes a persuasive case that the near border threat was very real and imminent in the end he contends the campaign effectively precluded any major north vietnamese military operations for over a year based on exhaustive research and a deep analysis of the invasion s objectives planning organization and operations shaw s shrewd study encourages a newfound respect for one of america s genuine military successes during the war
